Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Thursday 16 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly cloudy but dry. Clearer in northeast, but overnight fog.

Today:
Generally mild and cloudy, but dry. Brighter conditions are likely across the northeast of the region, although morning fog patches are possible here, and these may be slow to clear. Maximum temperature 10 deg C (50 deg F).

Tonight:
Remaining largely cloudy but dry. However, clear spells across the north of the region is likely to cause some patches of frost and fog to form overnight. Minimum temperature 2 deg C (36 deg F).

Friday:
Fog slowly clearing the north of the region through the morning. Otherwise, it will be dry with light winds, but rather cloudy. Maximum temperature 8 deg C (46 deg F).

Outlook for Saturday to Monday:
Predominantly dry and cloudy conditions continue, although the odd shower in the northeast Monday. Becoming cooler, with a risk of overnight frost and fog in any significant clear spells.
